- Languages used: HTML and CSS with Bootstrap4 and AJAX

EXPERIENCE

Rackspace | Microsoft Office 365 | L2 Escalation Email Technician | 1/2022 – 10/2026 Mexico City, Mexico

Provided Level 2 technical support for Microsoft Office 365, troubleshooting complex email-related issues and escalated customer incidents. Investigated and resolved email delivery failures, delayed emails, bounce-back messages, Outlook connectivity issues, and mailbox access problems using Exchange Online and Message Trace. Utilized the Microsoft 365 Admin Center and Exchange Online administration tools to investigate service issues and assist with mailbox-related troubleshooting. Performed email flow analysis and investigated email authentication issues involving SPF, DKIM, and DMARC. Used PowerShell for Microsoft 365 and Exchange Online troubleshooting and administrative tasks, as required. Investigated email security issues involving spam filtering, quarantined messages, and email delivery restrictions using available email security tools, including Proofpoint. Troubleshot Microsoft Outlook issues, including profile configuration, synchronization errors, connectivity problems, and email functionality. Supported Microsoft Office applications, SharePoint Online, and OneDrive by

investigating user-reported access, synchronization, and application-related issues. Managed technical support tickets through ticketing platforms such as ServiceNow or Zendesk, documenting troubleshooting steps, escalation details, and resolutions. Handled escalated support tickets by performing initial investigations, gathering technical information, identifying potential root causes, and coordinating with appropriate technical teams. Transferred customer calls to the appropriate support teams or specialized departments based on issue complexity, ownership, and escalation requirements. Provided clear customer communication, regular ticket updates, and appropriate follow-up to ensure timely issue resolution and a positive support experience. Prioritized incidents based on urgency and impact while working toward established Service Level Agreement (SLA) targets. Collaborated with Level 1 support and other technical teams to troubleshoot recurring issues, facilitate escalations, and improve the overall support process.

PUCOM | AMERISOURCEBERGEN | SERVICE HELPDESK TECHNICIAN | 2018 – 2020 Mexico City, Mexico

Providing help, assistance, guidance, and knowledge. Handling calls in a very quick and satisfactory manner, multitask within different applications, and Troubleshooting.
